

The main idea

Name: _____

Date: _____

At the laundromat, Leo notices a stack of free activity sheets. He chooses one about numbers. His sister picks a reading sheet. They sit beside their aunt and work together. When a question is tricky, they talk about it. By the time the clothes are dry, each child has finished a sheet. They take their work home.

1. Where are Leo and his sister?

2. What do they choose?

3. What do they do when a question is tricky?

4. What is this passage mostly about?

☐ I tried it.

☐ I checked it.

☐ I want another sheet.

Grown-up check (similar wording is fine): 1) at the laundromat | 2) activity sheets | 3) talk about it | 4) learning together while waiting for laundry
