

Compare viewpoints

Name: _____

Date: _____

The class wanted a quiet reading space. Ava suggested a corner indoors because it would stay dry on rainy days. Luis preferred a bench outside because he liked fresh air and the sound of birds. Both wanted comfortable seats and a place to keep books. After discussing their ideas, the class planned an indoor corner and agreed to use the bench when the weather was pleasant. Everyone helped choose books for the indoor shelf.

1. Why does Ava prefer an indoor corner?

2. Why does Luis prefer the bench?

3. What do both students want?

4. How does the plan include both viewpoints?

☐ I tried it.

☐ I checked it.

☐ I want another sheet.

Grown-up check (similar wording is fine): 1) it stays dry on rainy days | 2) fresh air and birds | 3) comfortable seats and a place for books | 4) indoor corner plus bench in pleasant weather
